

Tiger Strake

Location: Stanford, CA, USA & Erwitte, Germany

Phone: +49 174 151 6539

Email: tigerstrake@icloud.com | tiger29@stanford.edu

Education

- **Stanford University** – B.S. Aeronautics and Astronautics, expected 2029
- **Hochschule Hamm-Lippstadt Junior Campus** – dual-enrollment program, 2022 to 2024
- **Evangelisches Gymnasium Lippstadt** – 2021 to 2025
- **Städtisches Gymnasium Erwitte** – 2017 to 2021
- **Harvard University Summer School**, Cambridge – student, June to August 2023

Experience

- **Harvard Summer School Program**, Cambridge – student
Studied digital fabrication and planetary science. Gained hands-on experience in advanced manufacturing and exoplanet research.
- **European Space Agency (ESA)**, Darmstadt – intern, July 2022
Shadowed mission operations teams and learned about satellite systems engineering.
- **German Aerospace Agency (DLR)**, Cologne – intern, April to May 2022
Observed aerospace research activities and rocket engine testing facilities.
- **EUMETSAT**, Darmstadt – intern, March to April 2022
Learned how meteorological satellites operate and how data is processed for climate models.
- **Autohaus Hecker** – content producer, 2019 to present
Produce and edit social media content for a truck dealership, improving digital marketing reach.
- **Advertising agency** – participant, 2021
Spent a day learning about marketing and media production.
- **3D Printing Club** – founder and instructor, 2024 to 2025
Founded and led a club of twelve students. Taught additive manufacturing, CAD, laser cutting, and microcontrollers.
- **Bioengineering & AI startup** – founder, 2025 to present
Co-founded a young company exploring applications of artificial intelligence in bioengineering.
- **Skypeers UAV Club, Stanford** – project team member, 2025 to present
Designing and building an autonomous food delivery drone.

Certifications & Licenses

- Private Pilot License (single engine piston)

- Student Pilot (multi engine piston)
- MINT-EC Scholar with distinction

Technical Skills

- **Additive manufacturing:** FDM, SLA, SLS and SLM on DMG MORI, Formlabs, Bambu Lab and Prusa systems
- **CAD:** Fusion 360, Shapr3D, SolidWorks and Onshape
- **Digital fabrication:** laser cutting with Flux Beambox Pro
- **Media production:** Final Cut, Adobe Photoshop, Adobe Premiere Pro and Adobe After Effects
- **Operating systems:** macOS, Linux and Windows
- Touch typing and strong mechanical aptitude

Languages

- English – fluent
- German – fluent
- French – conversational
- Spanish – conversational

Interests

Tech, space exploration, additive manufacturing, longevity, engines, podcasts, skiing and watersports
